As a team of Peachy folk who care about the impact we have on our environment, driving our sustainability and ethics agenda isn't just an important topic of business, it is a part of who we are. We change our menu with the seasons, creating dishes using the best ingredients from our fields and shores, serving native produce at its absolute best, supporting our British farmers, and reducing airmiles. It's a win-win. From waste-fighting Rubies ketchup, to free-range Dorset charcuterie, we buy quality ingredients grown, reared or made by producers we trust and know well.

Our three star accreditation from the Sustainable Restaurant Association makes us best in class, and a leading sustainability pub company. We are committed to serving a better food future, celebrating food and drink that prioritises animal welfare, and helps to conserve natural resources. We offer an ever-increasing choice of plant-based dishes for changing tastes, whilst also proudly serving quality, grass-fed lamb and beef, free-range chicken, and sustainable fish.

Supporting charities, raising funds, and feeding those most in need is just one of our promises in Making Life Peachy for our communities. The Bigger Peach team constantly review energy use, waste and food miles to reduce our impact on the planet.

It's all these initiatives that have made us one of the **Top 100 Companies To Work For** in 2021. Find out more about our journey below.
